

Lucky[®]'s Super Powers

Lucky[®] the Preparedness Dog says: "When you need to hide in an emergency your powers of **CAMOUFLAGE**, **INVISIBILITY**, and **SUPER QUIET** are activated!"

When something doesn't look or feel right, your **DANGER SENSE** and **SUPER LISTENING** to adults' directions will perk up and activate your other superpowers.

CAMOUFLAGE: The power to blend in to your surroundings when you are hiding from a bad guy. Make sure to use something big and heavy like a desk or a bookcase to keep you hidden and camouflaged.

INVISIBILITY: When you have to hide, your goal is to make it so that the bad guy doesn't see you. Your invisibility shield will kick in when you find a safe hiding place.

SUPER QUIET: When your camouflage or invisibility power kick in, it's also important for your super quiet power to activate. It's important to make sure that you don't give away your hiding space by making any noise. Make sure to turn off the sound on any cell phones or iPads that you have nearby so that the bad guy can't hear you.

With all three superpowers activated, you are a hero protecting yourself and those around you!
